1. General Information

1.1 Introduction and Aims

As ASV(Ausländische Studierenden Vertretung), we represent the international students Paderborn University.

Our aim is to help and integrate international students by organizing/supporting cultural & awareness events, and conducting workshops, activities & projects.

We offer/organize Orientation Weeks, Buddy Program, DSH-*Frühstück*, Intercultural Week (ICW), *Länderabende* (Cultural Evenings) and various other events to celebrate UPB's diverse culture through music, dance and food.

The team met every Thursday during the lecture period (except under special circumstances) at 18.00.

1.4 Details of the events

Orientation Phase	We support the newly arrived students to find their way around the university. This includes a guided tour of the campus, as well as through the city center. Provision of coffee, drinks and some snacks.
ASV Info Event	Awareness about ASV, inviting new members to the group to help out with volunteering and join the think tank, and showcasing opportunities with the ASV. The cost covers promotional material, decor and snacks and drinks, which helps to create a welcoming environment.
Diversity Day / Anti-discrimination Day	We support diversity and provide a united front for all the students. We talk about the importance of diversity, hold constructive discussions, and show support for LGBTQIA+ and for the different regional groups, to promote anti-discrimination. Provision: Snacks.
Movie Night	The movie night invites students for a gathering to enjoy films, with costs covering snacks and drinks, ensuring a delightful and relaxed cinematic experience.
Game Night	We invite all the students to the ASV office to play board games. We provide snacks and drinks. Sometimes we also buy new games.
DSH Frühstück	DSH <i>Frühstück</i> , caters to DSH students, during their 6-hour exams. The event cost covers a variety of snacks, sandwiches, and beverages, including tea and coffee. This thoughtful initiative ensures students stay nourished and energized, fostering optimal focus and performance during their exams.
ICW	Intercultural Week turns the university into a global spectacle, featuring stalls representing diverse countries and vibrant dance and singing performances. The inclusive nature of the event encompasses costs to support students in setting up stalls, providing cultural snacks, and covering organizational expenses, ensuring a rich and immersive celebration of global diversity on campus.
Länderabende	In <i>Länderabende</i> , we support individual country/regional /language/geographically-similar groups in hosting cultural nights, featuring presentations, quizzes, dancing, singing, and cultural food. Costs encompass organization (decor, equipment etc.) and provisions (food, drinks etc.). It helps create a dynamic platform for cultural exchange and understanding.

1.5 Feedback and suggestions for improvement:

The outgoing ASV Board received great support from the Vice President for International Affairs (UPB), Mr. Torsten Meier, with all the matters brought to his notice. They would also like to show our gratitude towards the Diversity Management Office at UPB, Ms. Laura Maring for providing unconditional support and empathy with highly sensitive student matters.

Having said that, there are areas that need huge improvements for assisting ASV in order to make the university a better place for all the students, including the international ones.

1. **State of the premises:** The office room needs renovation, and there is a problem with dampness and ventilation in the room. Also, the room is sparingly cleaned and barely lit. The issues have been reported to the relevant departments at the UPB but not much has changed.
2. **Requirement for storage space** to store equipment and resources used for the events.
3. **Increase of the Budget:** Ticketing is a problematic process due to the finances involved. ASV would like to offer cheaper events meant for all students and hence an increase in the budget is sought.
4. **Support in English language:** The ASV finds it extremely difficult to comprehend the meetings where we are invited to and there is a serious lack of effort to “let-us-in”. This concern is briefly elaborated in Team ASV’s statement attached with this document.

2. Finance

These following sections present the general details about the distribution of expenses in our budget.

2.1 Office Expenses (Bürobedarf)

Office expenses result from stationery, computer and peripherals, media and logistics equipment, printer cartridge and paper, stationery, folders etc., to ensure availability of resources for the events in long term and orderly management of our records.

Furthermore, office hours, counseling sessions and meetings with students are held which are dependent on a functional office, which adds hospitality cost (towards coffee, drinks, cookies, candies etc.).

2.2 Cultural Events (Kult. Veranstaltungen)

ASV organizes many cultural events round the year, from our biggest event (ICW) to multiple Country evenings (3 *Länderabende* this year), to celebration of anti-discrimination day, diversity day, game nights, movie nights, Christmas market etc. All the funds for these events are utilized from this head (*titel*).

The major amount of funds went into the organization of the following events:

2.2.1 Intercultural Week (ICW):

Intercultural Week (ICW) organized by ASV from University of Paderborn is an annual event that brings together students from different cultural backgrounds to celebrate diversity and promote intercultural understanding. During the 3 day-long event, participants engage in various activities such as cultural performances, workshops, and discussions that help to foster mutual respect, tolerance, and appreciation for different cultures. The event is a great opportunity for students to learn about different cultures,

share their own cultural experiences, and build lasting relationships with people from diverse backgrounds.

The event saw the participation of 12 different cultures, each with their own unique traditions and customs. Stalls were set up for each culture, showcasing delicious food, traditional clothing, and other artifacts from different countries. The highlight of the event was the cultural performances, which included dance, music, and other forms of artistic expression. These performances allowed students to experience and appreciate different cultures in an immersive and interactive way. The event ended on a high note with an award ceremony to recognize the efforts of individuals and groups in promoting intercultural understanding and appreciation. The event also provided a chance for many support points for International Students to join and spread awareness.

2.2.2 Cultural Evenings (*Länderabende*):

These events offer an insight into the vibrant traditions of the hosting culture along with dance, music, food and drinks. It helps to raise cultural awareness, overcoming stereotypes and therefore fighting discrimination.

We organized 3 *Länderabende* and 1 *Ruheabend* in the year 2024 showcasing the culture of Indian, Pakistani and African people, and continental plus folk music. Each of it was a great success. So much that we have been approached by 4 new cultures who are willing to host it for the year 2026. We are currently maintaining a waiting list of a total of 8 cultures for the year 2025, as our budget barely allows conduct of 2 of such events.

2.3 Other expenses (Sonstiges)

We bought a recording Gimble for the office, Google Drive Subscription and general office items. We also managed overflow costs for the events under this head.
