Tätigkeitsbericht

Azharuddin Kazi, Internationales

Für die Zeit vom 01.10.2018 bis 31.10.2018

Sehr geehrte Parlamentarierinnen und Kommilitoninnen,

Im Folgenden möchte ich Ihnen meine Tätigkeiten des letzten Monats vorstellen.

➤ Office Hours:

Regular office hours weekly to solve the problems of international students and to facilitate them in various ways. Every student is welcome no matter German or international to avail support regarding any problems or information or coordination needed. Gather all problems in these hours, and work on solving them the whole week.

➤ Group matriculation:

First time the concept of group matriculation was introduced. We are expecting this semester the largest number of international students we ever received. Usually the matriculation of international students is a long process full of complexities and

difficulties. Introduced group matriculation where we combined all processes of matriculation into one and made a co-operation with international office, TK, ASV and some volunteers (at one place and same time everything). It worked really successfully, and we plan to continue it for further semesters.

➤ Exchange students Halloween event:

Exchange students wanted to make Halloween celebration according to their culture, supported them to make this event happen.

➤ English Stammtisch:

English Stammtisch used to happen twice a week in some pubs. Many students complained and suggested that would be much better to have it in uni as improving language with loud music isn't the thing, its more of partying. Convinced the English TA's to do once a week at Uni and once outside in pubs. Provide them with support and organized at Uni on Tuesdays.

➤ O-phase WS 2018-19:

Completed the orientation phase successfully for all sorts of international students. O - phase for international students is much bigger than normal O-Phase, as we train them and help them through different events to integrate in German culture. It took place from 1st October till 22nd October 2018 including English masters programs and dsh and etc.

➤ Accommodation problem:

Like always accommodation was a very big problem for new incoming international students but however, we managed with support of studierendenwerk and its going much faster this time to get rooms.

➤ Settling new students:

The new international students were settled somehow. This semester we received one of the biggest numbers of international students and hence they have different problems in settling. Majority of the students were helped to settle down.

➤ Club-entering problem:

During the orientation phase pub crawl, a big majority of international students were not allowed to enter the clubs without any valid reasons. Its now happening every now and then. Discussed and arranged with one of the clubs, no one of the international student would be stopped form entering into it.

➤ Miscellaneous:

Many other things including issuing certificates and other letters to scholarship holders and other types of students and coordinating among partner organizations.
