➤ Accommodation problems:

Accommodation is a big problem especially for international students. I was always busy in making accommodation opportunities for the new students in every new semester. However now got the information that the 2 buildings of Peterhilleweg 11 and 13 and also vogeliusweg will be renovated and for that purpose they would be emptied for 2 semesters. Trying to deal with this problem as we have to think for old students who are already living there and then the new ones who are coming in new semester.

➤ New Projects:

Further working in some new projects with International Office and Stadt Paderborn and etc for integration of international students into German culture.

➤ Sprach-Tandem Project:

The Language and Culture project where we are trying to pair up an international student with a Paderborner for exchange of language and culture beneficial for both. Through this project trying to achieve the aim of integration of international students.

➤ Articles for MASTA:

Wrote 3 articles for MASTA for different international aspects.
