➤ International students bicycle rules awareness:

When international students arrive they are not aware of rules and regulations for riding a bicycle in Germany as German students are given certain trainings in school, which causes them to pay fine many times for which they are unaware of. Hence providing awareness among international students to reduce difficulties they face.

➤ International students event support:

Many international students as part of their course of studies need to put a show of short film for which they need support in booking a room and advertise it to get audience. Supported such groups of students in all needed.

➤ Accommodation problem:

Accommodation has always been a problem for international students. As we get international students every 3 months, we need to support them again and again in accommodation issues. On to it all the time.

➤ Miscellaneous:

Some students reported cases of racism while they weren't allowed to enter a club although having a ticket. Worked on it.
