

AStA Universität Paderborn - Warburger Str. 100 - 33098 Paderborn

47. Studierendenparlament der Universität Paderborn
Warburger Str. 100
33098 Paderborn
Deutschland

Datum
30.07.2019

Tätigkeitsbericht IT für Juli 2019

Liebe ParlamentarierInnen und Studierende,

Im letzten Monat habe ich folgende Aufgaben im AStA erledigt:

- Programmierung an bestehenden Projekten (Neue Features im Copyclient, beheben von Fehlern daran; Arbeit am AStA Stadtcampus Kalender) (siehe Anhang)
- Bearbeiten der Fehlerdatenbank an bestehenden Projekten (siehe Anhang)
- Vertragswerk mit Ricoh fertiggestellt, erwarte Antwort
- Server für VDI Lösung des Hauptbüros aufgesetzt
- Angebote für Zero Clients (+ Eingabegeräte) gesammelt und bestellt
- Erste Gespräche für Wiederbelebung von UniPIN (UPB Indoor Navigation) geführt, bestehende Daten + Karten gesammelt, Proof-of-Concept Apps erstellt
- Neue Netzwerkinfrastruktur im Stadtcampus in Betrieb genommen
- Universal neues Windows und Netzwerk eingerichtet
- Planung eines Copyservice Druckers im Stadtcampus angefangen
- Abbau der alten Aufwerter in Auftrag gegeben
- Tagesgeschäft (Support Copy + Büro + Stadtcampus, Wartung Bibo + Copy, Mailinglisten)

Bei tiefergehenden Fragen zu meiner Referententätigkeit gerne an it@asta.upb.de schreiben oder im AStA Git direkt meine Arbeit stalken: <https://git.uni-paderborn.de/asta>. Bei Anregungen zur Copyclient App oder der Website bitte an app@asta.upb.de schreiben.

Sonnigen Gruß,

Leon Tappe

IT

Anhang: GitLab Activity für Juli (Von neu nach alt)

-
-  **Leon Tappe** @ltappe 1 week ago
Commented on issue [#10](#) "some file choosers don't support multiselect" at [AStA / AStA Copyclient Mobile](#)
Problem still happens with MIUI Files app on MI MIX 2 running MIUI 10/Android 8, stock
Android file choser works fine
-
-  **Leon Tappe** @ltappe 1 week ago
Commented on issue [#15](#) "Sometimes scan and copy mode need to be entered twice"
at [AStA / AStA Copyclient Mobile](#)
This codebase is seriously fucked, maybe I need to refactor JoblistPage first
-
-  **Leon Tappe** @ltappe 1 week ago
Commented on issue [#15](#) "Sometimes scan and copy mode need to be entered twice"
at [AStA / AStA Copyclient Mobile](#)
happens after scan/copy was selected before so possibly just a problem with some bools
that are set wrong or remaining listeners that weren't closed....
