Tätigkeitsbericht Referat Internationales

Sehr geehrte Parlamentarierinnen und Kommilitoninnen,
Im Folgenden möchte ich Ihnen meine Tätigkeiten des letzten Monats vorstellen.

➤ Office Hours:

Regular office hours weekly to solve the problems of international students and to facilitate them in various ways. Every student is welcome no matter German or international to avail support regarding any problems or information or coordination needed. Gather all problems in these hours, and work on solving them the whole week.

➤ Speed dating with university societies:

On 15.10.2018 arranged an event in collaboration with international office, ESG and KHG and introduced some groups of universities which could be of interest to the international students. The groups represented themselves and their offers. Groups consisted of Chinese group, Debating society, Indian group, Pakistani group, African group, ASV and etc.

➤ O-phase WS 2019-20:

Completed the orientation phase successfully for all sorts of international students. O -phase for international students is much bigger than normal O-Phase, as we train them and help them through different events to integrate in German culture. It took place from 1st October till 22nd October 2019 including English masters programs and dsh and etc.

➤ Accommodation problem:

Like always accommodation was a very big problem for new incoming international students but however, we managed with support of studierendenwerk and its going much faster this time to get rooms.

➤ Settling new students:

The new international students were settled somehow. This semester we received a huge number of international students and hence they have different problems in settling. Majority of the students were helped to settle down.

➤ Online Matriculation project:

This time we introduced online matriculation system for international students, where they can send the needful documents and fee transfers to Uni online before reaching Germany and as soon, they are here they receive their matriculation documents without any hassles. The project was successful, as majority of the students used the facility but not all and hence for the rest ones, we gave on time support.

➤ Club-entering problem:

During the orientation phase pub crawl, a big majority of international students were not allowed to enter the clubs without any valid reasons. It's now happening every now and then. Discussed and arranged with one of the clubs, no one of the international student would be stopped from entering it.

➤ Miscellaneous:

Many other things including issuing certificates and other letters to scholarship holders and other types of students and coordinating among partner organizations.

Freundliche Grüße ,
